- Yes' are companies in the scope of reporting
- 2. 'Not operation' are companies that are investment companies with no power plants production activities
- 3. 'Under construction' are companies in which have not started running production
- 4. 'Out of scope' are companies that are not counted as EGCO Group's scope due to beyond operational control or not using financial consolidation method
- 5. The Bank of Thailand has issued a draft of the Thailand Taxonomy Framework. Thailand Taxonomy Framework is still being developed and is currently undergoing a hearing process. The current draft includes energy secretor activities (e.g., solar energy generation, wind energy generation, etc.). EGCO Group continues to monitor the development of Thailand Taxonomy Framework closely to ensure our business activities are defined and classified and defined according to the sustainability taxonomy framework.

Note:
*GEC invests in power projects with power plants as its subsidiaries, including GCC,SCC,NKCC,GYG, and GPG

Scope that is not applicable to EGCO group:

- Exposure to water-stressed area: EGCO Group currently have no productions plants/sites located in water-stressed areas according to WRI's AQUEDUCT Global Water Tool.
- Transmission and distribution system: EGCO Group is a wholesale electricity generating company which do not operate for transmission and distribution System. Transmission and distribution system is operated by State Owned Enterprise (in Thailand & Australia) and Private Company (in Philippines).
- Gas transportation, distribution, and storage: EGCO Group does not have any assets relating to gas transportation assets, gas distribution assets and gas storage assets. Such assets are responsible by gas suppliers.
